The "Lindo" Wing

Opened by Her Majesty the Queen
on 22nd November, 1937
for the benefit of patients of moderate means in need of facilities available at the hospital.

The Wing contains 66 single bedrooms, but during the present emergency a limited number of rooms are available for general medical and surgical cases, from 10 guineas per week.

Accommodation is provided for Maternity cases from 12 guineas per week.

In no circumstances must the fee for professional services exceed 100 guineas for patients occupying 10-guinea rooms.

All patients must be under the care of a member of the honorary staff of the hospital, but general practitioners may visit, professionally, their patients in the Lindo wing to collaborate in their treatment.

Full particulars and brochure will be forwarded on application to the House Governor,

ANNUAL REPORT, 1940.

THE Board of Management have the honour to submit to the Governors and Subscribers their report for the year 1940, together with the accounts audited by Messrs. Price, Waterhouse & Co.

The Report is drastically curtailed; but the work of the Hospital has been actively carried on throughout the year.

Since the 1st January, 1940, 352 beds, *i.e.*, the maximum number officially authorised by the Ministry of Health, have been available in the Hospital; 192 beds for civilian sick and 160 beds for air-raid casualties. The Lindo Wing was also partially re-opened on the 1st January, and at the moment some 34 rooms are available for private patients, who may be admitted for treatment under the care of a member of the Medical Staff. The Out-Patient and Casualty Departments have continued to work normally.

The Board have felt that it was the duty of the Hospital to afford the widest possible facilities for the treatment of the civilian sick, and hope that all those friends who have supported the Hospital so generously in the past will continue to do so in order that the work for the sick and suffering, which St. Mary's has carried on within its walls for practically a century, should not be interrupted.

The war has brought many changes in the Staff of the Hospital, and in September, Lt.-Col. W. Parkes, D.S.O., M.C., House Governor of the Hospital, rejoined His Majesty's Forces. The Board feel sure that all connected with St. Mary's will wish good fortune and a safe return to Colonel

Parkes, and to all those members of the Medical, Nursing and Administrative Staffs who are now on active service.

In the meantime, those who have remained at their various posts in the Hospital, have played their parts worthily, and the loyalty and co-operation evidenced on all sides have enabled the work of the Hospital to continue during this very difficult period.

HER MAJESTY THE QUEEN.

The Board of Management desire humbly to express their deep sympathy with Her Majesty The Queen, as President of the Hospital, in the ordeal through which the Royal Family are passing, together with so many of their subjects, during the intense bombardment of London. Their Majesties' magnificent courage in sharing the common danger is an inspiring example to all.

EMERGENCY MEDICAL ARRANGEMENTS.

The Emergency Medical Arrangements which came into force in September, 1939, have continued throughout 1940. Here again, there have been some changes in personnel. Mr. A. E. Porritt, F.R.C.S., who had been Medical Officer-in-Charge since the outbreak of hostilities, left to join His Majesty's Forces in March. He was succeeded by Dr. Thomas Hunt, who, after a brief term of office, also joined up. Mr. Douglas MacLeod, M.S., F.R.C.S., was then appointed and is still Medical Officer-in-Charge. The Board wish to record their deep appreciation of the excellent work which he and all the members of the Emergency Medical Staff at St. Mary's have done and are still doing.

During the recent bombardment of London, St. Mary's has had to deal with many casualties as the result of air raids in the vicinity of the Hospital, and has also provided

refuge for patients from other Hospitals which have suffered damage. Mention should be made of the valuable services rendered by Miss Manchée, the Senior Almoner of the Hospital, and her Staff, who have undertaken the registration and welfare work in connection with the casualty services. The Emergency arrangements have now been well tested, and the Board feel confident that there is no emergency which may arise in the future that will not be dealt with efficiently by all concerned.

FIRE-FIGHTING AND STRETCHER-BEARING SERVICES.

The Fire-fighters and Stretcher-bearers, recruited from the Medical School Students and organised by Dr. A. C. Frazer, have done valiant service, and the grateful thanks of everyone at St. Mary's are due to them for the efficient manner in which they have carried out their duties, often under unpleasant conditions.

FINANCE.

Owing to war conditions no useful comparison can be made with the previous year.

The Board greatly appreciate the generous way in which all those friends of St. Mary's have continued to support the work of the Hospital by maintaining their subscriptions and donations. When better times come, the Board will resume the practice of printing the lists of Subscribers, Donors, gifts in kind and the subsidiary reports. Their gratitude for benefits received and services rendered is none the less sincere because of omission now.

Special mention, however, can be made of the following generous gifts received during the year for the Endowment

IMPORTANT NOTICE TO ANNUAL SUBSCRIBERS.

WITHOUT ANY EXTRA EXPENSE WHATEVER TO THEMSELVES Subscribers can materially increase the amount of their subscriptions by completing a form of Agreement* to contribute for seven years or during life, whichever shall be the shorter period.

Such an Agreement enables the Hospital to recover from the Inland Revenue authorities the amount of Income Tax paid thereon.

It also enables Subscribers liable to Super Tax to deduct the gross amount of their subscriptions from the income assessable for such tax.

The following table, calculating Income Tax at the rate of 8/6 in the £, indicates how Subscribers can benefit the Hospital without increasing their subscriptions :—

Net Amount of Annual Subscription payable by Subscriber.	Income Tax recoverable by the Hospital.	Gross Amount of Annual Subscription.
£ s. d.	£ s. d.	£ s. d.
1 1 0	0 15 6	1 16 6
2 2 0	1 11 0	3 13 0

The Trustees of the Sybil Roskill Memorial Fund for the endowment of a bed, " In memory of Sybil Roskill, 1879–1931 "	£50 per annum
The Executors of the late Miss Ellinor Frances Lloyd for the endowment of the " Richard and Alice Lloyd Bed " ...	£1,000

The Combined Hospitals Flag Days were held on the 7th May and the 8th October, as a result of which the Hospital benefited to the extent of £1,102. It is interesting to note that this is an increase of £140 on the amount collected in 1939.

It was hoped that the Matinee might be held in October as usual at the Metropolitan Theatre of Varieties, and Her Royal Highness Princess Arthur of Connaught had most graciously promised to be present. Unfortunately when the bombing began, the arrangements had to be abandoned. The Board much appreciate the generosity of those patrons who allowed the money they had sent for tickets to be retained as a donation towards the Hospital Funds.

Attention is drawn to the arrangement whereby, without any extra expense to themselves, annual subscribers may, with income tax at 8s. 6d. in the £, increase by almost half the amount of their subscription to the Hospital by completing the Form of Agreement to contribute for seven years or during life, whichever is the shorter period. Full particulars of this Form of Agreement will be gladly supplied upon application to the Secretary.

The Board wish to record with gratitude the useful gifts of clothing, dressings, &c., which have been received from the Amercian Red Cross Society and the South Africa Voluntary Service.

BRITISH WAR RELIEF SOCIETY.

Grateful mention must be made of the help given to the London Hospitals by the generosity of the American public. An American relief organisation—the British War Relief Society, Inc., of New York City—has made a grant to the British Hospitals Association War Emergency Committee for distribution amongst Hospitals in this country. The Lay Sector Officer has received a portion of this grant, which has enabled St. Mary's Hospital to assist necessitous air-raid patients.

NURSING STAFF.

Applications for training at St. Mary's Hospital have been received in numbers which allow satisfactory selection. There is no doubt that the call to those interested in the Nursing Services has made a very general appeal. Every effort has been made to maintain a high standard of training for staff, at the home hospital, St. Mary's, or if transferred temporarily for duty throughout the Sector. Praise is due to all who have dealt so ably with changed conditions, and assisted those about them to adapt themselves to the new surroundings.

Great pressure has been placed upon members of staff and it is to the satisfaction of those in charge to be able to report that in every instance, especially under the heavy bombing during the later months of the year, the staff were ready to meet the emergency, and by their coolness and quiet attention to the duty to hand, exerted a marked influence upon the patients in their care.

The Sports and Social section has, of necessity, seen less activity on account of emergency conditions, but every effort has been made to impress the importance of maintaining these activities.

St. Mary's Hospital
W.2.

The House Governor will be much obliged to anyone who will send to him Names and Addresses of persons not already contributing, who are likely to subscribe to the Hospital.

JOYCE GROVE, NETTLEBED.

The adaptation of Joyce Grove, Nettlebed, as a Convalescent Home has been postponed until after the war. The Preliminary Training School for Nurses still continues there under ideal conditions, and these facilities are also being shared with the Westminster Hospital.

Accommodation has also been provided at Joyce Grove for a section of the Accounts Office since October, when it was thought desirable that the essential records of the Hospital should be moved to a place of greater safety. This arrangement is proving satisfactory and much of the routine work is being done there.

ADAIR LODGE, ALDEBURGH.

Owing to occupation by the Military Authorities, Adair Lodge, which was given and endowed by the late Mr. F. C. Lindo for use as a Convalescent Home for the Nursing Staff, had to be evacuated in July. The Board regret that the Nursing Staff have thus, for the time being, been deprived of the benefits which this delightful house provided for them.

MEDICAL SCHOOL.

The entry of full-course students for the Academic Year 1939-40 was 73 ; the increased number having been accepted as a provision against loss by calling-up for Military Service.

The number of full-course students attending during the same Academic Year was 426, while 53 others attended for short courses.

In the Universities of Oxford, Cambridge and London, 17 students obtained First Degrees, and one obtained a Higher Degree. During the year, 68 students obtained First Diplomas and 6 obtained Higher Diplomas.

In spite of the many difficulties caused by the evacuation of patients and the division of clinical instruction among the Sector Hospitals, the number of First Qualifications rose to 85 during 1939-40, as compared with an average of 60.3 for the three previous Academic Years.

The Second and Third Year students, evacuated to Manchester in October, 1939, returned to St. Mary's in January, 1940, and have continued there.

The First Year students also returned for the Summer Session, but were again evacuated to Berkhamsted in the Autumn.

Instruction given by members of the Medical Staff to Clinical Students in the Sector Hospitals has been continued throughout the year.

The Athletic Clubs have been active, and the ground at Teddington has been in regular use, but the usual Inter-Hospital Cup Competitions have not been held.

INOCULATION DEPARTMENT.

Apart from a short period when the Out-patient Department was closed at the outbreak of war, the treatment of patients has continued. In spite of air raids and evacuation, there were over 13,000 out-patient attendances during 1940.

The Committee of the Inoculation Department has granted to the Emergency Medical Service, without recompense, the use of the greater part of the first floor of the building for purposes of blood transfusion. Many thousands of prospective blood donors have been enrolled and tested, and preparations have been made to collect large quantities of blood in case of need.

Many of the scientific and technical staff have assumed emergency duties in connection with the war, but, although some research work has had to be postponed, sufficient staff has remained to maintain the essential routine duties of the Department, namely :—

1. The performance of the bacteriological investigations for the Hospital.
2. The teaching of bacteriology.
3. The preparation of vaccines on a large scale for the prevention and treatment of bacterial disease.

These vaccines are used by practitioners throughout the world and by the fighting forces.

All the vaccines now made in the Department are filled in the safest manner possible in containers for distribution to members of the medical profession throughout the world. This activity in war-time assumes an even greater importance than ever in view of the necessity for the prevention of bacterial diseases such as enteric fever, tetanus, whooping cough, diphtheria and influenza.

The completion of the equipment of the third and fourth floors of the Department has proved of great assistance in the present emergency. The Virus Department has been actively engaged in the preparation of a virus vaccine against influenza. Bearing in mind the deadly epidemic of 1918, any procedure which will afford protection against the disease will be deeply appreciated.

Sir Almroth Wright and the other workers in the Inoculation Department have continued their research work, more especially with regard to the mechanism by which the body resists infection and the method by which vaccines and sera can be used in combination with the new chemicals, which have been introduced, to cure a number of acute and previously fatal bacterial infections.

Congratulations are extended to Sir Andrew Duncan, G.B.E., a member of the Governing Committee of the Inoculation Department, on his appointment to Cabinet Posts as President of the Board of Trade and, more recently, Minister of Supply.

THE MEYERSTEIN DENTAL RESEARCH LABORATORY.

Owing to the withdrawal of the grant by the Medical Research Council, and the impossibility of arranging any other grant at this time, it has been found necessary temporarily to close the Meyerstein Dental Research Laboratory. Much important research work has been carried out by Dr. Fish in the Laboratory, and the Board hope that financial assistance will be forthcoming in order that the Laboratory may be re-opened in the near future.

THE BOARD OF MANAGEMENT.

The Annual Election of the Board of Management took place as usual at the Quarterly Board of Governors in June. The following Ordinary Members, retiring by rotation and being eligible, were re-elected :—

Mr. Lionel L. Cohen, K.C.
General Sir Hubert Gough, G.C.B., G.C.M.G., K.C.V.O.
Mrs. Karslake
Mr. H. R. Miller
Mr. F. R. Williams Wynn, C.B.

Mr. Harold Holt, who had been appointed to fill a casual vacancy during the year, had also to retire by the laws of the Hospital and being eligible, was re-elected.

The following members of the Honorary Medical Staff were elected as Medical Members :—

Mr. V. Z. Cope
Dr. A. Hope Gosse
Mr. R. M. Handfield-Jones
Dr. G. W. B. James
Professor G. A. Pannett
Mr. Leslie Williams
Dr. E. Rohan Williams
Sir Charles Wilson.

In July, Dr. G. W. B. James rejoined His Majesty's Forces and Mr. Douglas MacLeod was appointed to fill the vacancy thus caused in the Medical Members of the Board of Management.

Mr. Guy Harben, O.B.E., was re-appointed Chairman of the Board, and General Sir Hubert Gough, G.C.B., G.C.M.G., K.C.V.O., Deputy-Chairman.

At the first meeting of the House and Finance Committee after the Annual Election, Mr. R. M. Greenwood, C.B.E., was re-appointed Chairman of the Committee.

The Board of Management have suffered great loss in the deaths of Colonel Sir Stuart Sankey, K.B.E., C.V.O., and Mr. F. R. Williams Wynn, C.B. Colonel Sir Stuart Sankey had been a member of the Board for 13 years and was responsible for the very generous interest which the City of London branch of the British Red Cross Society took in the work of this Hospital. Mr. F. R. Williams Wynn, whose family have always been associated with St. Mary's, had been a member of the Board for over ten years and will be remembered in connection with the Vegetable Collection Fund organised by him, from which the Hospital derived such great benefit.

The resignation of Mr. Gibson Jarvie from the Board of Management was received with regret.

CHANGES IN MEDICAL STAFF.

The Board of Management record with regret the resignation of Mr. Herbert Smale from the office of Dental Surgeon, to which office he was appointed in 1928. His loss will be greatly felt. In appreciation of the devoted services he has rendered both to the Hospital and the Medical School, Mr. Smale has been appointed to the office of Consulting Dental Surgeon.

Dr. E. Wilfred Fish succeeds Mr. Herbert Smale as Dental Surgeon.

Congratulations are extended to Dr. Rohan Williams on his election as a Fellow of the Royal College of Physicians.

ALMONER'S DEPARTMENT.

It is only logical that war conditions should intensify the demands on those whose task is Social Service. The record of the past year shows, however, a great increase in normal work in addition to many new undertakings and fresh duties.

When Miss Shiell left us in May to take up her appointment at the West Suffolk General Hospital, Miss Drummond was promoted to Senior Assistant. A Casualty Almoner was also appointed, thus meeting a long-felt need.

Of new undertakings, one of the most valuable is the following up of cancer patients, over 400 of whom have been visited and helped in a variety of ways. In this connection, grateful thanks are due to Miss Allen, who gives much time and interest to these visits.

War has brought the problem of the Refugee. In addition to German Jews are Austrians, Czechs, Poles, French, Dutch and Belgians, the British War Refugees and

those from Gibraltar. Apart from the language difficulty is the provision of treatment, diet and accommodation and this in spite of internment of certain classes.

The Emergency Medical Service has imposed fresh duties in dealing with Service patients, and a new technique of assistance has arisen from the Government scheme of compensating those injured or rendered homeless as the result of air raids. In connection with its far-reaching records, our grateful thanks are due to Miss Tainton of the British Red Cross Society, who, in spite of onerous duties, gives so generously of her time in helping this side of the work.

The Department has been in residence since outbreak of war for the reception and registration of casualties, and the commencement of the bombing in September marked the beginning of yet another phase of duty. Casualties have been identified and relatives traced ; claims for compensation lodged and help given extending over a wide range, including those rendered homeless and relatives of those killed.

No small part of the work has been among mothers and babies referred from tube stations and shelters, and indeed evacuation of both old and young has been one of the main objects.

The demands of war leave fewer beds for the civilian population and many patients have to be transferred to a Base Hospital after only a short stay, so that although there are at any given time fewer patients in the wards than before the war, the turn-over is more rapid. It is thus more than ever necessary to watch and follow up those with whom the Medical Staff wish to keep in touch.

Much work has been made possible by the Dresden Assistance Committee, whose generosity is valued ; by grants from the Convalescent Fund and by use of the Almoner's small Samaritan Fund, one of whose chief supporters is Mrs. Paterson.

The year's statistics reveal the true progress in the work accomplished, for general assistance has been more than trebled; the number of home visits doubled; as also treatment arranged through other hospitals.

LADIES' ASSOCIATION.

The Board desire to take this opportunity of placing on record their deep appreciation of the services rendered to the Hospital by the Ladies' Association.

Work parties, organised by Mrs. Thurburn, have been held daily in the New Nurses' Home. Invaluable work has been done at these meetings and any lady desirous of helping to carry on this splendid work should apply to Mrs. Thurburn for particulars.

Our grateful thanks are due to Lady Kenyon for organising the "Bring and Buy" Sale, Mrs. Elphick who arranged the Bridge Drive, and Mrs. Thurburn and Mrs. Oates for taking charge of the Depot at the Hospital on Hospital Flag Day and Alexandra Rose Day.

It is hoped that contact can be maintained with all members during these unsettling times, and communications in respect of the Ladies' Association will reach the Honorary Secretary if addressed: Mrs. Graham Bartlett, Wood Edge, Hadley Wood, Herts.

CHAPLAIN'S REPORT.

The war has affected the Chapel services. There have been fewer patients and a diminished Staff; yet services have been maintained as in the days of peace.

The Ward services on Sunday evenings have been discontinued owing to the young men who formed the choir having been called up for Military Service or moved to

various parts of the country. The Chaplain has by more frequent visiting of the patients endeavoured to make up this loss.

The altar linen and flowers and general preparations for the services have been attended to by Matron and her Staff.

VEGETABLE COLLECTION.

The Vegetable Collection Fund has been seriously affected not only by the war, but by the death of Mr. F. R. Williams Wynn, C.B., who organised the Scheme and took such keen interest in its administration.

The Board hope that the need of the Hospital for fresh vegetables and fruit will be borne in mind by all those who have influence with the Women's Institutes and allotment holders, who may at any time have a surplus of vegetables.

Full particulars will gladly be given if application be made to the Secretary, St. Mary's Hospital, London, W. 2.

Signed on behalf of the Board of Management,

GUY P. HARBEN,

Chairman.

27*th February*, 1941.

Memorials.

Surely there can be no fitter memorial of a departed relative or friend than the endowment of a Bed or Cot in a Hospital.

It is difficult to think of anything more beneficient than the endowment of a Hospital bed; or to picture a place more appropriate for a record to the Memory of a loved one than that which is dedicated and constantly devoted to the service of the sick and the alleviation of suffering.

Moreover, in the Hospital Ward, a Memorial Tablet with its inscription will be secure against disfigurement and carefully protected from the dilapidations of time.

(For particulars of Bed and Cot Endowments see pages 23–25.)

I Give and Bequeath to the Treasurer or Treasurers for the time being of a Corporation called the President and Governors of St. Mary's Hospital, Paddington, the sum of..... free of Legacy Duty, for the Endowment in perpetuity of a Bed (or Cot) in the said Hospital; the said Bed (or Cot) to be named the "....." Bed (or Cot), and I declare that the receipt of the Treasurer or Treasurers for the time being of the said Corporation shall be a sufficient discharge for the same.

For particulars respecting the Endowment of Beds and Cots, see page 23.

The George Sturge Trust Fund.

In the year 1884 Mr. George Sturge, of Woodthorpe, Sydenham Hill Road, executed a Deed of Trust conveying to **St. Mary's Hospital** £926 *Great Eastern Railway 5 per Cent. Preference Stock, representing one thousand pounds (£1,000), under the following conditions :—

> "In giving the sum of £1,000 for a Samaritan Fund for the above Hospital, Mr. Sturge gives it on the conditions that this Fund shall be kept entirely separate from the General Funds of the Hospital, and that the income shall be paid to, or applied for, such In-Patients as may be necessitous, and within three months from their discharge from the Hospital, and for the purpose of their having necessary nourishment, clothing, or change of air."

"Mr. Sturge hopes that this Fund may be made known and that others may be induced to subscribe to it."

*Converted, in 1902, to £972 Great Eastern Railway Consolidated 4 per cent. Preference Stock, and again converted, in 1923, to £972, London & North Eastern Railway 4 per cent. 1st Preference Stock (*see page* 40).

The Disbursements under this Trust Deed are included in the Convalescent Fund Account on page 34 *of this Report.*

NOTES.—1. The Cost of the Site, Buildings and Equipment of the Hospital prior to 1st January, 1908, and the cost of Buildings and Equipment of the Pathological Institute and the Medical School are not included in this Balance Sheet. No value is included in respect of the Adair Lodge and the Joyce Grove properties.

2. The Contribution from the Ministry of Health towards the cost of the Emergency Medical Service provided by the Hospital to date has not yet been agreed.

We have examined the above Balance Sheet and the foregoing Income and Expenditure Accounts, and having compared them with the books and records of the Hospital, we find them to be in accordance therewith. We have verified the Investments and Bank Balances.

To the best of our knowledge and belief the regulations of the Revised Uniform System, as modified in accordance with the circular of King Edward's Hospital Fund, relating to the treatment of Free Legacies, dated December, 1940, and as adopted by the Central Funds have been followed in the preparation of the Accounts.

GOVERNMENT AND MANAGEMENT.

The mode of government is by a Board of Management, meeting Monthly, and by Standing Committees appointed by the Board of Management.

The Board of Management consists of the President, Vice-Presidents, and Treasurers (permanent Members), and twenty-eight Governors elected annually (Ordinary Members), of whom not more than five may be women. Of the Ordinary Members eight are Members of the Medical Staff or Lecturers in the Medical School (Medical Members).

QUALIFICATIONS AND PRIVILEGES OF SUBSCRIBERS.

Ann. Subscribers of		Donors of	Privileges.
£1 1 0	or	£10 10 0	... May recommend 3 Patients annually.
2 2 0	or	21 0 0	... May recommend 6 Patients annually.
3 3 0	or	31 10 0	... May recommend 9 Patients annually, and are eligible for Election as Governors.

Subscribers of greater sums are entitled to recommend Patients in proportion to the amount of their subscriptions. Letters are not issued unless expressly desired, as many Subscribers do not require them.

Governors have also the privilege of visiting the Hospital under regulations made by the Board of Management, provided that they previously ascertain from the House Governor that such visit will not interfere with the work of the Hospital.

Executors of any considerable benefactor by Will are eligible to be elected Honorary Life Governors.

THE MATERNITY.

Annual Subscribers of One Guinea, or *Donors* of Ten Guineas to the MATERNITY FUND, may recommend three Patients annually *to that department*; and so on in proportion to the amount of the subscription.

ADMISSION OF PATIENTS.

Applicants are treated as In-Patients or Out-Patients at the discretion of the Medical and Surgical Staff, and as the accommodation available in the Wards may permit.

Accidents and other cases deemed urgent by the Medical Officers are (so far as space permits) admitted without Letters at all times.

Holders of Letters seeking admission as In-Patients must present their Letters at the Hospital at 1 o'clock (Sundays excepted).

Much inconvenience having occurred in consequence of the arrival of Patients from a distance, without notice, it is requested that in the case of Patients coming from places so remote as to preclude easy and cheap communication with the Hospital, notice be given to the Secretary three days before the Patient intends to apply for admission, enclosing a Medical Certificate stating as fully as possible the nature of the case.

VISITING DAYS. Adults: Wednesdays and Saturdays, from 4 to 5; and Sundays and Public Holidays, from 3 to 4.

Out-patients are attended DAILY (Sundays and Public Holidays excepted). They must present their letters at the Hospital at the following times:—

THIRTY-SIXTH ANNUAL REPORT.

The Dresden Trustees have the honour to present their report for the twelve months ending 30th September, 1940, together with the accounts for the same period.

The objects to which the Trustees have continued to devote the funds at their disposal, and the number of Patients benefited under each head, are :—

1.	Patients	sent to Convalescent Homes (including 48 sent to Parkwood)	117
2.	,,	given pecuniary assistance on discharge ...	83
3.	,,	assisted with clothing on discharge	9
4.	,,	provided with Surgical and Optical appliances on discharge	102
5.	,,	assisted with fares to and from Convalescent Homes	167
6.	,,	assisted with fares to their own homes on discharge from the Hospital	226

Great care has been taken to ascertain that Patients are really needy and deserving before assisting them, particularly in Class 2. Thorough enquiry into their financial circumstances has been made in each case.

In consequence of the war it has been necessary to send patients to more distant Convalescent Homes, which accounts for the increased expenditure on Maintenance and Fares to Convalescent Homes.

During the year the Trustees of the Hospital Convalescent Home, Parkwood, Swanley, Kent, have placed 13 beds at the disposal of the Hospital. The Trustees of the Dresden Fund, as a result, have been enabled to send 48 patients to this Home for a period of 19 days or more, and the Trustees gladly take this opportunity to record their grateful thanks to the authorities of the Hospital Convalescent Home for the great benefit which the use of these 13 beds has enabled the Trustees to confer on so many patients of the Hospital.

Signed on behalf of the Trustees,

R. M. GREENWOOD
